Tommy Feltz Should Have Been Awarded Decision Over Ex-Bantam-Weight Champion in 10-Round Bout in Detroit.

(Special to The Evening World.) DETROIT, Mich., Oct. 15 .- Tommy 'eltz and Harry Forbes went ten rounds a draw here last night. The exmpion was fortunate to get away with no worse than this, as he had no listinct advantage in any of the first pointed by Feltz in the later stage of the fight. The weight, 116 pounds at 3 clock, seemed to bother Forbes, who was weak throughout the latter half of the "go." It suited Feltz nicely. The was strong from start to finish. He beat Forbes with the jab, and he sed a right-hand punch to good effect. "go" was under the clean-break provisions, and Feltz surprised everyody by his ability to work under this agreement. At no time did he trans-gress the rules. Forbes did his usual

At the end the referee pronounced it a draw. This gave satisfaction generally, though there were some who thought that Milier had the better of it.

Many brows were landed, and had either man had enough steam behind his punches he could have put the other out. The blows went straight to points usually regarded as critical, but they failed to do the work for which they were designed.

A worried look came over "Ruby Robert's" face, and he started in to do some knocking out. What he did to Grim's face and body was a shame, but with all the terrific punishment the game Italian came up smilling for each round, and when time was called at the final round the big house rang with applause. Grim had proven himself one of the toughest propositions in the ring to-day.
